We are open to classical modes of study, drawing from the millennia of wisdom of classical rabbinic commentators, as well as modern modes of learning from non-Orthodox scholars. This is a family-friendly, safe-space to study Jewish texts. Always looking for new, friendly faces to learn & have coffee with us. We meet at Temple Beth Abraham in Nashua, on most Tues & Thurs, 5:15-6:15pm. (see FB page for specific dates. Email for details.) <https://www.facebook.com/groups/1618060978426822/>

We hope the ChromeBooks, maker space equipment, creative classroom furniture, 3-D pens, ceramic kiln, and more, help enhance student learning across our public schools. Thank you to the many local businesses for supporting our mission to support innovation in the classroom and thank you to the hundreds of residents who attended our fundraising events last year. Sunday Morning Schedule When we gather on Sundays, we will have a different format for our time together.

We are adapting to changes in our numbers and in how people participate. We are also creating opportunities for new ministries on Sunday mornings. **We will continue to begin our worship service at 9:30 am**, with the Sunday School students and teachers in worship for approximately the first 30 minutes. Then the teachers and students will go to their classes. Worship will end around 10:30 am and coffee hour will begin as it does now. Sunday School classes will last until 10:45 am. **We have discontinued the 11:00 am service.** We will use the time after Sunday School ends for new types of programming, such as study groups, discussion times and innovative worship services.

We hope to welcome you soon! We are on 242 Main Street in North Chelmsford, right on the Westford/Chelmsford line. From Route 3, take the Route 40 exit to Chelmsford, take a sharp right onto Main Street Chelmsford right after the variety store and follow Main Street until you see the church on the left.

OUR RUMMAGE SALE IS ON OCT. 20 AND 21.

Hours are Friday, Oct. 20 from 10 AM - 2 PM and 7 PM - 9 PM., and Saturday from 10 AM - 2 PM.

This is a personal invitation to all parents, friends and community members to come and be thoroughly entertained. The FOTT will have homemade baked goods, including apple crisp and hot apple cider for sale before the show and during intermission!

Ms. Martin has chosen **She Loves Me** as this year's THS Dinner Theater production. Auditions already took place and rehearsals are underway. Show dates at Tyngsboro Town Hall are set for 1/26, 1/27 & 1/28/18. About 45 students are going on a field trip to Stoneham on 12/13 to see **She Loves Me**.

Auditions for the Massachusetts Educational Theater Guild festival, at which THS will be putting up **The Diviners**, will take place on 11/7. The festival takes place in March 2018 but plans are already underway.

This year's mainstage show will be announced soon but the dates are scheduled for the weekend of 6/7-6/9/2018. More details to come in future editions of Neighbor to Neighbor.

PET HEALTH

DUNSTABLE ANIMAL CLINIC BRACHYCEPHALIC SYNDROME IN DOGS

by Tara M. Sacramone, DVM

Brachycephalic means broad, short skull. Any dog with a shortened nose is considered brachycephalic, specifically breeds like Pugs, Shih Tzus, Boxers, Boston Terriers, Pekingese, English bulldog, and my current personal favorite, the French bulldog. Their pushed in faces make them incredibly cute, but can definitely lead to some problems.

Brachycephalic syndrome is a specific disorder referring to several anatomic abnormalities that lead to breathing problems. The first abnormality is narrow nostrils. This one is the only one that is easy to see and diagnose. Another abnormality is an elongated soft palate. The palate is the roof of the mouth, the front part is hard, but the back part is soft and if it is too long it can hang down and block the larynx (which is the entry to the wind pipe). This is diagnosed by examining the back of the throat, which can only be done well if the dog is anesthetized. Another characteristic is a narrow hypoplastic trachea. This means that the wind pipe is too small and not rigid enough. This is found on X-ray or with a camera down the trachea. The last feature in everted laryngeal sacculs (use that phrase three times in a sentence today). This basically means that the tonsils have popped out of their little sacs and are yet another structure blocking the air way. This is also found by looking in the way back of the throat (again usually when anesthetized).

Not every brachycephalic dog has this syndrome, and some dogs can have only 1 or 2 of the characteristics. Some dogs have only mild clinical signs such as snoring or sneezing, while others can have real trouble breathing, especially in the heat or during times of stress. All brachycephalic dogs should be watched carefully and be kept cool in the summer. They also have to be monitored carefully during anesthesia. Dogs with severe clinical signs can benefit by a surgery to widen the nostrils, cut back some of the soft palate and remove the tonsils. This surgery requires special skills and tools and is not something I would be comfortable doing at the Dunstable Animal Clinic.

Some veterinarians think that all owners should be warned not to get these types of dogs. I would not be one of them – seeing that I currently own a French bulldog and have had a Boxer in the past. But you should be aware of the potential problems and make sure you research the breeder and look at the parents of any puppy you might get. And if a warning about brachycephalic breeds becomes a new requirement of my job – consider yourself warned.

I would also like to fess up to re-using these neighbor to neighbor articles from time to time. Apparently the one from last month said I have a two year old daughter, well that was true 7 years ago. So you caught me – you know who you are. Molly (my daughter) is now 9 and we still have Ajax who still barks, but not as bad as he used to.

AUTUMN DRIVING TIPS

Bob Welliver

Autumn leaves drift by the window and right into the street. Driving in the fall presents its own colorful set of problems. Decreasing daylight and wet leaves create challenges for the unsuspecting driver. Here are a few tips to help you navigate fall driving hazards. Patches of fallen leaves can be just as treacherous as patches of ice. Fallen leaves retain large amounts of water and can create a slippery surface. Drive slowly through them and avoid hard or panic braking. Fall brings the first frost. Be aware of slippery conditions that occur with frost. At freezing or near freezing temperatures, the moisture on bridges and overpasses will become ice much more quickly than the approach roadway. The roadways hold heat and the bridges do not; you can go from wet roadway to ice in just a fraction of a second.

School buses are as common in the fall as dandelions in the spring. Be particularly careful around them. Your responsibility in the presence of a bus with an extended stop arm and flashing red lights is to stop and remain stopped until the warnings are withdrawn, regardless of your direction of travel. The only time a driver is not required to stop when approaching the front of the school bus is if the bus and the vehicle are on separated roadways. Frost, sunshine, wet leaves on the road, school buses, and kids horsing around on the way to school can be a disaster if they come together at the wrong time. Please recognize the hazard and drive accordingly.

Fall weather can present challenges to drivers. Rain, fog, sleet and wet snow require full driver attention. Remember the "two-second rule" when following other drivers, and in severe weather increase your following distance. If you are being tailgated, let the other driver pass.

As you know, the sun rises later and sets earlier as fall approaches. Your commute to and from work may find you driving directly into the sun. Fall driving in Massachusetts can be beautiful but glare can also make it dangerous. Be sure your windows are clean, inside and out, and have sunglasses handy. When you lower your visor, push it all the way forward, then pull it back to the proper position. Don't leave the edge of the visor inches from the bridge of your nose where it could cause injury in a crash. If you're driving away from a low sun, glare will not be a problem for you, but it can be for the drivers approaching from the other direction. It may help to use your low beam headlights, allowing you to be seen more readily.

The decreasing daylight may also mean that some drivers will be commuting in twilight or dark conditions. A driver's vision, including depth perception, color recognition and peripheral vision, is compromised in darkened conditions. Diminished visual ability, brought about by the natural aging process, leaves the older driver more vulnerable to night driving hazards. The human body becomes more relaxed and less alert in the dark, becoming more easily lulled and drowsy. However, there are ways to minimize the hazards associated with driving in the dark.

Prepare your eyes for night driving. When you step out of a brightly lit building into a darkened environment it takes anywhere between two and five minutes for your eyes to begin adjusting to the change in light conditions and it takes a full 30 minutes to fully adjust. Allow your eyes that little extra time to adjust before driving into the dark.

Make sure your headlights, tail lights and turn signals are all working properly. Turn your headlights on as soon as the light begins to fade. Always use low beams when traveling in foggy conditions the light of your high beams will simply be reflected off the moisture in the air right back at you.

Check the aim of your headlights. Badly aimed headlights reduce the distance you can see and possibly blind oncoming drivers. If you think your headlights are not aimed properly have them adjusted. You can adjust them yourself by checking them against a blank, flat surface while parked on a level driveway, or take them to a professional. Common sense along with the basics of safe driving (always wearing a safety belt, driving alert and sober, and driving at safe and legal speeds) can help you travel safely in the fall.

WHY DID GOD SAVE US?

By Nathan Combs

Up until the time of the Polish astronomer, Copernicus, the vast majority of Europe believed in geocentrism - the theory that our earth does not move and the universe revolves around it. Surely it was reasonable to suppose that God had ordained the celestial bodies to move around the crowning glory of His creation: us! Such a view is ridiculous scientifically, unbelievably arrogant, and entirely unscriptural.

Unfortunately, many people unconsciously look at God's plan of salvation in the same way medieval Europeans looked at the heavens. Many believe God rescued us for the sole purpose of resolving man's problems and man's sins. But how does that man-centric view fit into the Bible's overwhelming emphasis on the glory of God? If God just wanted to give us spiritual goodies, why does He insist that the Christian life must be given back to Him? We are still left with our original question: why did God save us?

Paul answers that question very clearly in the book of Ephesians. Although we certainly received salvation "because of the great love with which He loved us" (Eph. 2:5), the primary reason for our redemption was so that humans (as Christians) could live their lives "to the praise of His glory" (1:6, 12, 14). This adds a whole new dimension to the picture of man's salvation. Of course God desired to give us "every spiritual blessing" (1:3), but He did so in order to fulfill a larger objective. Since it is impossible for us to glorify God through sin-saturated lives, the plan for our salvation was created to free us from the corruption that prevents us from making His name great.

When Paul states the purpose of the Lord's church in Ephesians 3:10, it is so much larger than the oft-quoted triad of "benevolence, edification, and evangelism." God's ultimate plan is that "through the church the manifold wisdom of God might now be made known to the rulers and authorities in the heavenly places." The universal body of saints is intended to prove to all the powerful hosts of the heavenly realm that God is truly worthy of everlasting glory, thus refuting for all eternity the vicious rebellion of Satan and his followers. If God is able to defeat the staunchest forces of evil by continually using the lowliest of means, He is the wisest being of all. When He attracts humans to His humble plan by faith, He displays to all the spiritual realm that man will indeed serve God "for no reason" (Job 1:9). Through the cross of Jesus, God has demonstrated that He alone is master of the universe.

Why did God save us? Ultimately, He did it to magnify Himself in front of all His heavenly creatures, to show once and for all His incomparable power and wisdom. Consequently, the most wonderful thing about our salvation is not the blessings that we receive from God. It is the glory that He receives from our obedient lives.

Dunstablechurch.org 978-649-6251

Pastor Bobby Ross pastorbobby@dunstablechurch.org
DECC is a welcoming church at the heart of the Dunstable community. "We gather to glorify God, to grow in Christ and to live the gospel in the world."

Pastor Bobby Ross and his family have brought new life to our church. We invite you to visit and meet them anytime at our 10:00 am service.

SUNDAY WORSHIP: Worship Service is held at 10:00 am each Sunday. Child care is available during the service for infants through kindergarten age. Our worship services feature a wide variety of music, scripture readings, corporate prayer and spoken messages and with Communion (the Lord's Supper) served on the first Sunday of every month. Everyone is welcome to an informal time of fellowship with coffee, tea and refreshments that takes place after worship. A new **Membership Class** is available; please contact pastorbobby@dunstablechurch.org for more information.

ACTIVITIES BEGAN IN FULL ON SEPTEMBER 10th for the youth of our church, as **CHILDREN'S SUNDAY SCHOOL resumed at 10:00 am**. Children in Ages 4-12 attend the regular service with parents for the first 15 minutes of worship before leaving to attend Sunday School class for the remainder of the hour. Older children and teenagers remain with their parents for the entire worship service. An **Adult Sunday School class** will begin on Sunday, October 8th at 8:30 am.

DECC YOUTH GROUP kicked off the season with a cookout and cider-making adventure, an Ice Cream Sundae party and planning session for the year ahead. Coming Oct 29th, we will again participate in the Nashua fund raising "crop walk" for the hungry. DECC has a great youth program and welcomes any area youth currently in 6th to 12th grade to join for any events! Typical meetings are held on Sundays from 4:00-6:00 PM but special events may be held at other times. All are welcome for a single event or to become a regular member. Please contact Jon Hughes at 978-393-7708 if interested and to confirm location and time of meeting.

The MUSIC COMMITTEE has hired a new accompanist who joined us in September. Charity Bigaruka and her family are a nice addition to our church community.

The EAGLE SCOUT work project in coordination with the church to improve and enhance the grounds of the building as well as our part of the center of our town is progressing. Work will continue and hopefully be completed this fall.

POPs (Parents of Preschoolers) meets in the Fellowship Hall twice a month on Fridays, 9:00-11:00 am. Child care is available. Next meetings are 10/6 & 10/20. Contact Shellyannross@gmail.com with questions.

On **Saturday, October 28th**, don your favorite Halloween costume (optional) and come to the **Third Annual "TREASURE TRUNK EVENT"** from 4-6 pm (rain or shine) in the DECC parking lot. Join in celebrating the Harvest Season, decorating your car trunk and passing out goodies to the community. Refreshments will also be served. Sponsored by the Dunstable Evangelical Congregational Church. If interested, please contact Christine Oberhelman 603-402-0054. Thanks to the families who participated in the Summer Dance Camp. It was a ball!

Come visit your community's church. For more information about any of these events, contact the church office 978-649-6251 or email info@dunstablechurch.org.
