DWELLING IN THE LORD'S HOUSE

By Nathan Combs

Psalm 23, one of the most beloved chapters in Scripture, ends unusually. After David affirms the various ways the Lord protects, leads, and blesses him, he confidently predicts he will "dwell in the house of the Lord forever" (Psalm 23.6). Similarly, in Psalm 27.4 he writes about the "one thing" he's asked of God: to "dwell in the house of the Lord all the days of my life, to gaze upon the beauty of the Lord and to inquire in his temple." The only "house of the Lord" that David knew personally was the physical structure of the tabernacle (later, the temple). As every godly Israelite understood, no one could actually live within the walls of the holy structure, nor even in its courts (Nehemiah 13.7-9). Dire consequences befell unordained Israelites who waltzed into God's house (2 Chronicles 26.16-21). The priests from Levi's tribe could minister within it and camp around it, but no one dwelt inside it except God himself. Therefore, David's desire to live with the Lord expressed a future reality, ultimately realized in Jesus Christ.

In John 14, Jesus was only hours away from experiencing his brutal murder. In the remaining time he had with his closest disciples, he prepared them for their future work and reassured them of God's care. In vs. 2, he declared, "In my Father's house are many rooms. If it were not so, would I have told you that I go to prepare a place for you?" (ESV). Other English translations less accurately translate the verse, "In my Father's house are many mansions," (KJV, NKJV, ASV) giving the idea that every Christian will inherit a personal palace someday in heaven. Jesus' real point is that his people will dwell safely in the *house of the Lord* after their work is accomplished. Rather than the two room space of the tabernacle/temple, God's eternal home will not lack space within it - there are "many rooms." Also, all Christ-followers are welcomed inside it, the true fulfillment of David's dreams of human and divine unity.

A few personal applications arise from these two connected passages. First, where do we desire to dwell? Are we primarily concerned with planning, stressing, and working on houses made of earthly materials, which are all destined to be destroyed when the Lord returns (2 Peter 3.8-10)? Or do we place a greater amount of struggle and attention on the house of the Lord? As the prophet Haggai said, "consider your ways" (Haggai 1.5, 7). Second, with whom do we desire to dwell? The typical king was intent on dwelling with beautiful women, attentive servants, and protective soldiers, yet David desired the Lord beyond any other. Are we primarily focused on improving our human relationships? Or do we crave worshipping the Lord and ache for his presence as David did? Only within our Father's house do we find the full scope of pleasure and contentment we seek.

HOSPITAL OBSERVATION STATUS

By Edward H. Adamsky

Many elders have had the bad experience of going to a hospital then being transferred to a nursing home, and later finding out that Medicare would not cover the cost because they were not "admitted" to the hospital. Medicare rules require a three-day admission to a hospital prior to covering medically necessary nursing care. Hospitals often classify patients as "under observation" rather than "admitted" and this causes severe financial problems for many elders.

Because of this Congress passed a new law (the NOTICE Act) that requires a hospital to notify patients if they have not been officially admitted to the hospital. The notice must be given orally and in writing for patients who are under observation for more than 24 hours and within 36 hours of being placed on that status. This new law may help, but it may not fix every problem associated with this issue.

This problem has been occurring for years and reflects the tension over payment status and hospital choices. Patients can be classified as an "outpatient" or an "inpatient" and the reimbursement process and consequences differ. There seems to be financial incentives to classify as outpatient due to audits of inpatient reimbursements. The problem is that what benefits the hospital may be detrimental to the patient's financial situation. Early court cases turned on whether patients had any rights with respect to the hospital decisions and how those were made but found generally against the patients, however there is one class-action suit still proceeding.

Although the new law requires notification of observation status and its consequences, it still does not stop hospitals from using that status. The payment rules still apply so if the patient is under observation then a subsequent nursing home stay will not be covered. The financial incentives have not changed in any way so the processes may remain the same except to hopefully inform patients of the consequences of the current process. At least the rules require a written explanation of the decision which may give the patient some room to argue about whether or not it was the right decision.

Additional consequences of observation status include higher co-pays and costs to those patients. The NOTICE Act may let them know this is coming, but they still have to pay the higher costs of non-covered items during their stay at the hospital as an outpatient. This may result in some patients choosing to return home sooner than is medically advisable to avoid costs they cannot afford. We hope that this situation will be addressed with future changes to the law, but until then, patients and their families should ask the status at the hospital and inquire as to future costs and options for the patient. It is annoying to have to consider expenses when you or a loved-one is in the hospital, but under our current system it is necessary to ask and be informed.

TYNGSBORO GARDEN CLUB

At our April meeting, the Tyngsborough Garden Club very much enjoyed a presentation by Linda and Ellen from Mahoney's Garden Center in Chelmsford on air plants. We were amazed at the variety of air plants and how to care for them.

From April 8-11 we partnered with the Tyngsborough Public Library for Birds in Bloom. Garden club members created floral arrangements that depicts their interpretation of the artwork. Please drop by the library to see all the beautiful arrangements and the birds that provided the inspirations for these very creative pieces.

On **May 7th** we will meet at a members house for a potluck dinner to wrap up another fun year learning about gardening tips, various lectures, and connecting with friends

May 18th- Please stop by for our **spring plant sale**, held in conjunction with the Tyngsborough library book fair. We will have many plants for sale from members own gardens and beautiful raffle items.

Our **last meeting on June 4th** will begin at 6:00. We will meet at Mahoney's Garden Center in Chelmsford for container ideas as we get ready for our summer plantings.

The Garden Club meets the first Tuesday of the month September-November and February-April at the Evangelical Congregational Church at 6:45. New members are always welcome. Please come join us for one of our meetings, enjoy the presentation, and meet some new friends.

For more information visit our website at tyngsboroughclub.tripod.com or find us on Facebook at Tyngsborough Garden Club or call Debbie at 978-649-6362.

PET HEALTH
DUNSTABLE ANIMAL CLINIC

MAY FLY DERMATITIS
Tara M. Sacramone, DVM

May fly dermatitis is actually caused by gnats, those tiny black swarming bugs that annoy us and our pets in early spring and summer; hence the common name "May fly".

These pests usually attack the ears, around the eyes, and the bellies of dogs and, sometimes, cats. Most commonly we see bright red circular lesions on the belly. They start as red rings and then the redness fills in forming a circle. Usually the pets are not itchy and the lesion(s) will go away on their own with no treatment. Many owners think these red circles are either ringworm or a bulls-eye rash associated with Lyme disease. Ringworm in animals is rarely a ring - more often it occurs as patches of scaly hair loss, and animals do not develop the classic bulls-eye rash that does develop in humans bitten by Deer ticks carrying the Lyme organism. So, if you are seeing one or more bright red rings on your pet's belly and it's springtime, you're probably dealing with May fly bites.

They will go away on their own. There are other, sometimes more serious, conditions that can cause red rings on the skin, or your pet may even be allergic to gnat bites. Therefore if you notice that the lesion(s) become itchy, larger, scaly, have a discharge, or don't go away, bring your pet to your veterinarian for an exam.

Two other locations commonly attacked by gnats are the ears and around the eyes. These areas will have tiny bumps, hair loss and sometimes swelling. Animals that develop these lesions will sometimes be itchy. Also, these areas can become infected and require treatment with oral antibiotics that your veterinarian will prescribe after an exam.

You can help your pet avoid these annoying pests by keeping them inside as much as possible. Alternatively, you can use most fly repellents that you use for yourself - just be careful to avoid their mouth and eyes when applying. We do have a gel at the Dunstable Animal Clinic made specifically for animals called Pet Guard Gel. It works fairly well and because it's made for animals it is tolerated very well by them. It repels gnats, mosquitoes and other flies, and even contains sunscreen.

• **Sunday School program** for all ages. Children will begin the Sunday Services with their parents and will be dismissed to their age-appropriate classes at 10:15am. It is important to note that all adults working with children have passed their CORY applications to ensure a safe environment for our children.

Congratulations to Sara and Josh Lorman who welcomed their beautiful baby girl, Kenzie Kennedy Lorman.

• **BIBLE CAMP** - Over the weekend of March 23 & 24th our youth attended Mt. Manadnock Bible Conference Teen Retreat. Garrick and Lillian Brewer chaperoned 9 children and all had a wonderful, fulfilling, and spiritual time. Our youth always enjoys this annual weekend camp of inspiration.

• **VOLUNTEER APPRECIATION LUNCHEON** - The Church held a special luncheon on April 14th at the Princeton Station Restaurant to thank the many volunteers who put in countless hours to keep our Thrift Shop up and running. There were 28 volunteers who attended. Their dedication and commitment allows us to give back to our community in many ways and their efforts help support these local services as well as Children's Ministries, U.S. Missions and World Missions. Thank you to all who serve at the Thrift Shop!

• **EASTER SERVICES** - Thank you to everyone who attended the Maunday-Thursday service the evening of April 18th. Our Easter Sunday services were well attended. The breakfast that is provided is always appreciated. Thank you to those who either bought plants in memory of loved ones, donated money to purchase Bibles or donated money to help the needy.

• **CLEAN-UP DAY** On May 18th many of our church members will arrive to jointly clean and spruce up the outside areas around the Church and Thrift Shop. The grounds always look fresh and clean when this is done! Jim Politi has a very green thumb and plants flowers in several areas which always look beautiful! Thank you Jim!

• **MEMORIAL DAY PARADE - MONDAY - MAY 27** - Please plan to join us to march in the annual Memorial Day Parade. We will congregate in the church parking lot at 10:00 a.m. This is always a wonderful way to honor our service members who died in combat and remember their sacrifices.

• **CHILDREN'S SUNDAY/CHURCH PICNIC** - On June 2nd during our morning service we will be honoring local Tyngsboro high school graduates who have qualified to receive our Scholarships. These scholarships are given for those moving on to study a profession that is community oriented, such as teaching, nursing, etc. We invite their family members to join us! Congratulations to all of you!! After the church service, everybody is invited to join us as we go to the Sportsman's Club on Westford Road, Tyngsboro to round-out our year-end activities. Please plan to join us!!! Hamburgers/hotdogs/water/soda will be provided. We ask everyone to bring a dish to share (salads, chips, desserts). Event will be held rain or shine! WE HAVE THE GEL! SOMADERM™ Gel WHY WE AGE

Growing old is a fact of life, and it's inevitable. Our bones become brittle, skin starts to wrinkle, muscles get weaker, and energy plummets. These are the typical signs of aging.

Human Growth Hormone (HGH) is a single-chain peptide hormone produced from the pituitary gland, the master gland in the body. This is the hormone that helps you grow throughout childhood, hence the word "growth". On average, HGH is at its peak around the age of 25. This is when the dreadful aging process begins, as this hormone slowly declines for the rest of your life. But don't worry, growing isn't the only thing HGH is good for. Many experts say that elevating growth hormone when you are older may bring back your levels to when you were in your 20's. Some expected benefits may include:

Better Mood, Fat loss (especially around the mid-section), Healthier hair, skin, and nails, Greater muscle tone, Regrowth of hair, Increase in strength, Increased joint mobility, Improved memory, Enhanced libido and Increased bone density. *Many have noticed subtle to significant results in as little as a 6 month period.*

SCHOOL TEACHES COMPASSION WITH MOTHER'S DAY

BAGS Kudos to the Richardson Middle School in Dracut for teaching compassion and how to help others through their community service project. It all started when one teacher learned of a student that was homeless. She decided to turn that into a teachable moment by starting a collection of Mother's Day bags filled with new toiletries to be distributed through The Wish Project to women in shelter for Mother's Day. It grew into a school wide project and became a way to start a conversation with students about how they can help their community at any age. Thank you students and families for teaching us that you are never too young to be kind!

About Us The Mission of The Wish Project is to help families in need in Merrimack Valley. www.TheWishProject.org or call us at (866) 947-4360. **Mailing address is:** The Wish Project, PO Box 8693, Lowell, MA 01853

NASHUA HISTORICAL SOCIETY

OUR TOWN, OUR SCHOOLS, THEIR WORDS

Using annual reports from Nashua during the 1840's-1850's, examine how town fathers addressed public education in their one-room schools. These chroniclers were prolific writers who made **VERY** candid observations on the state of their eleven schools and **never minced words!** They both praise and critique teachers, scholars and parents! They discuss in detail, the progress and deficiencies in teaching methods, materials and discipline. They write about the conditions in the schools and chastise the public for their lack of support on countless issues. Come to find out how, *"the more things change, the more they stay the same."* This is an entertaining and visual presentation with fascinating handouts!

All programs are presented at The Nashua Historical Society, 5 Abbott Street, Nashua, New Hampshire. The programs are free and open to the public. For more information please email: nashuahistorical@comcast.net, call 603-883-0015 or visit our website: nashuahistoricalociety.org

Please visit The Nashua Historical Society's changing exhibit case at Nashua's City Hall. The current exhibit is a history of the Pheasant Lane Mall.
