TAX SEASON TIPS – 2020

By Edward H. Adamsky

Tax Season 2020 is underway. To keep on top of things, consider **IRS2Go** the official mobile app of the IRS. With the app you can check your refund status, make a payment, and find free tax preparation assistance. You will need to enter your Social Security number and filing status and amount of anticipated refund to get a notice on your refund status. The app is updated once a day so you can check daily to see the status of your refund. You can use the app to find volunteer tax assistance in your area by entering your zip code. You can get free tax software on your phone and also find mobile-friendly payment options like the IRS Direct Pay system with the app.

If you are expecting a big income-tax refund, you might be wanting a way to get that sooner. Many of the big tax services offer Refund Anticipation Loans (RAL) to meet that desire, but they come with a cost. The interests rates and fees can be very high in terms of percentage. Read the disclosures carefully before you take out an RAL.

It might not help this year, but there are options to deal with your refund next year. Make sure to review and adjust your withholding. If you are getting a big refund, that means you are paying too much in withholding taxes and are giving the government an interest free loan for a year. It might be better to get more in each paycheck. Of course, if you spend that extra, then you don't have the big lump-sum that a tax refund provides. Consider an automatic savings plan with your paycheck so those extra dollars go into your savings account where you earn interest rather than giving the government a loan or paying interest with an RAL.

If you want to borrow this year, consider something other than an RAL. You may be able to get a zero-interest loan with a credit card or draw on a home equity line of credit (if you have one in place). The rate you pay will be less and the fees may be less as well. Also, review your tax return carefully and make sure you have used every deduction and credit that you are allowed. If you rush to get a refund with an RAL you may use a tax preparation system that will hurry you and you may not look for every legal option to reduce your taxes. Use good tax software, or better yet hire a local professional to prepare your taxes. You may pay more for the service, but your local CPA or Accountant will work hard to ensure you pay as little as the law allows. They may ask you questions and get information from you that you didn't even know would help reduce your taxes. Spend the time to find a good tax preparer and it may well be worth it.

YOU CAN'T GET MORE LOCAL THAN YOUR OWN YARD!

by Sustainable Tyngsborough

Growing your own food is not only good for you, it's good for the planet. Eating locally - especially right from your yard, means that food doesn't have to be transported long distances to get to your plate, and you get to eat food right as it's harvested so you can reap all the nutritional benefits. In addition, how awesome is it to know exactly where your food came from and how it was grown?!

You don't have to plan a huge garden to start growing your own food. You can start with something as small as a container on your patio or deck, or maybe a simple 4 ft x 4 ft raised bed in your backyard. Raised beds and containers are great for several reasons, but one of the best advantages is that you can control the soil content - and when it comes to growing anything, the condition of your soil is a critical element to the success of your garden. It's always a good idea to place your garden close to a water source so you can ensure your plants get the moisture they need to thrive. Let's not forget sunlight - choose a sunny spot for your veggies, as most need full sun exposure.

What should you grow? Well, what do you like to eat? For example, If you want to make a salad from your garden, you could start with lettuce, cucumbers, and tomatoes. Maybe grow tomatoes and lettuce in containers and cucumbers in a small raised bed.

Want to learn more about growing your own food? Please join the Sustainability Committee on **March 28 at 9AM at Tyngsborough Public Library for our Intro to Raised Bed Veggie Gardening seminar.** We will be distributing **Rain Barrels** right after the seminar. **To purchase your rain barrel, go online to www.greatamericanrainbarrel.com/community and select your town to complete your order. Or contact Conservation Office at 978-649-2300 x116 for an order form.** Deadline for ordering is March 22, 2020 by midnight. *Sustainable Tyngsborough is a sub-committee of the Board of Selectmen. We meet the third Tuesday of every month, beginning at 6:30PM, in Meeting Room #1. You are always welcome to join us and share your sustainability ideas and concerns.*

NDA ANNOUNCES Q2 HIGHEST HONORS

February 12, 2020 Tyngsboro, MA – The Academy of Notre Dame today announced 32 students who have earned the recognition of Highest Honors in the Upper School for the second quarter. In order to receive this prestigious recognition, students must receive no grade lower than a 90 in all College Prep and Honors classes and no less than an 87 in all Advanced Placement classes.

“Ensuring that our students are well prepared for college and beyond is a priority focus at the Upper School. Rigorous academics, small class sizes and personalized supports help our students succeed at the highest level,” said Dr. Vittoria Pacifico, Academy of Notre Dame Head of School. “We are so proud of these scholars for their commitment to their learning.”

Dr. Pacifico went on to note that historically students at the Academy consistently score higher than state and national averages on the SAT, ACT and AP exams.

The following Tyngsborough residents were awarded Highest Honors for the second quarter: Melissa Badendieck and Sofia Friedl.

WHY DID GOD DESTROY SODOM AND GOMORRAH?

By Nathan Combs

Many destructions of ungodliness are described in the Bible, but one of the most vivid is Sodom and Gomorrah's annihilation in Genesis 19. After years of patience, God consumed these Canaanite cities with fire and sulphur. Why would God do something that drastic for a few towns? Genesis reveals in general terms that "the men of Sodom were wicked, great sinners against the Lord" (Genesis 13.13). We're also told that "the outcry" against the cities was great and their evil was "very grave" (Genesis 18.20). Certainly, we see evidence of that evil in the horrific way the men of Sodom attempted to homosexually rape the angelic visitors who came to their city. However, there is nothing in Genesis that specifically reveals why God chose to remove these places from the map. We must look to other Scriptures to give us more insight.

After Genesis, Sodom and Gomorrah are referenced in thirteen books of the Bible, signifying the importance of their downfall in world history. In the book of the prophet Ezekiel, God shared more perspective on that ancient event with the people of Judah as He worked to convict them of sin. "Behold, this was the guilt of your sister Sodom: she and her daughters had pride, excess of food, and prosperous ease, but did not aid the poor and needy. They were haughty and did an abomination before me. So I removed them, when I saw it" (Ezekiel 16.49-50). The sexual deviance on display in Genesis 19 is appalling, but it is a symptom of deeper issues. Extreme self-indulgence (in all of its manifestations) is always driven by a heart saturated with pride. And when people make their lives about their own physical comfort and pleasure, it inevitably comes at the cost of the comfort and security of others.

Because Sodom and Gomorrah are such a key part of the Biblical storyline, God calls us to hold up these cities as a life mirror and stare hard without dropping our gaze. Who are the "poor and needy" around you in your daily life? Are you able to consciously identify a list of individuals? They could be people with monetary needs, wrecked by bad financial circumstances. They could be people who require help navigating their past experiences and emotions in the light of Scripture. They could be dependent children who need an astonishing amount of attention - not only to provide for their physical needs, but also to train the way they view life. Do we spend our lives limping towards the weekend or the next little pleasing moment, or do we take genuine delight in giving away whatever we possess?

Our decadent culture alarmingly resembles the culture of Sodom in the areas of "pride, excess of food, and prosperous ease." May God help us to resist its pull through the power of Jesus' cross!

INWARD BOUND WELLNESS, LLC

Certified Life Coaching

Quite often we may find ourselves living in chronic stress, anxiety, indecisiveness, resistance to change, emotional distress, minimal joy, locked in patterns of the past and generally feel unfulfilled and dissatisfied. Our choices become unhealthy, our goals feel unattainable and we simply accept "that's just the way it is". When hope begins to wane, resolve feels foreign and there is a gap between where you are now and where you want to be, Life coaching can assist you to launch yourself into your desired change. The truth is, we don't have to settle for status quo and we can learn to empower ourselves with new perspectives, new choices and a new way of embracing life. Life coaching will help you to close the gap, guide you to broaden your perspective of self and circumstance, break through your limited beliefs, expand your vantage point and guide you into your desired change.

At Inward Bound Wellness, it is our intention to unleash your unlimited potential, push the boundaries of who you believe yourself to be, navigate through change and live the life of your dreams.

Please visit our website at www.inwardboundwellness.org or call 978-996-1653 for your complimentary 30 minute consultation.

LOADING DOCK GALLERY

122 Western Avenue ~ Lowell, MA

Stitched Invitational Fiber Artist Group Through March 29, 2020

Come and enjoy a delightful cavalcade of contemporary textiles in an historic mill at the Loading Dock Gallery in Lowell. Explore the vision of eight area fiber artists in an exhibit of work that uses of texture, color, line, and quilting to create a wide array of textile art. Although all of the artists use fiber, each has developed her own unique voice and style ranging from the abstract to the representational. The artists achieve those goals through a variety of techniques, some beginning with hand-dyeing, printing, painting or even felting the fabric, while others using the evocative commercial fabrics available today. All use machine stitching in their work but some add hand stitching as a design element.

The artists are members of a the SAQA, the international Studio Art Quilt Associates, formed a local critique group called Joined by a Stitch, and meet monthly to support each other in their work. The artists include Betsy Abbott of North Andover, Augusta Agustsson of Melrose, Tarja Cockell of North Andover, Sue Colozzi of Reading, Janis Doucette of North Reading, Anne Kimball of Lexington, Madalene Axford Murphy of Amesbury, and Alanna Nelson of Melrose. The Loading Dock Gallery, a part of Loading Dock Arts, Inc., a 501c3, is open Wednesday through Saturday from Noon to 5:30 PM, and Sunday from Noon to 4 PM. For more information, call 978-985-0695 or visit www.theloading-dockgallery.com.

On January 28, 2020, the Altrusa Club of Merrimack Valley gathered at the 110 Grill in Chelmsford to celebrate 44 years of service in the Merrimack Valley. Guest speaker, Sunmi Yusuf, Director of Development, at the Lowell Transitional Living Center (LTLC), guided us through the services and programs provided by the center. The most critical program need at this time is the Winter Engagement Program, which provides overnight shelter from the cold for more 100 men and women. Altrusa made a donation to LTLC and collected new and gently used towels to benefit the women and men using the facilities at the center.

Once again this year, the Altrusa Club of Merrimack Valley is offering a \$500 scholarship to a qualified student currently enrolled in the Bachelor of Science in Nursing Program at Rivier University. This scholarship is being offered in memory of Katherine Richo, deceased member of Altrusa and active leader in the Nashua Community. Selection of a qualified recipient is based on merit, financial need, and completion of the first year or more of the program with a minimum GPA of 3.0. The recipient will be selected in June 2020.

Altrusa's mission is to promote literacy and to make a difference in the lives of those in need in our communities. The Altrusa Club meets on the 2nd and 4th Tuesdays of the month. To learn more about Altrusa, e-mail us at altrusamv@gmail.com or visit us at www.altrusa.org or <https://districtone.altrusa.org/>

INTRODUCING THE Y-STRAP ADJUSTMENT as seen on YOUTUBE. Also known as the 'ring dinger', this adjustment stretches the neck by putting a long-axis distraction force through the spine. This decompresses the entire spine (mostly the neck) to help remove the pressure on the nerves. This type of adjustment has no rotational torque and is thus safer than neck adjustments with rotation. The Y-Strap procedure is not covered by insurance. The first visit cost is \$149.00, which includes a thorough exam to determine if it is necessary and safe to use the Y-Strap. Next, any tight muscles around the spine (especially the neck) will be worked on. After a discussion about the procedure, the Y-Strap adjustment will be performed. Future Y-Strap adjustments will cost only \$99.00.

Dr. Perras is one of the only Chiropractors in the area who performs this adjustment, so call now to set up an appointment 978-649-5777. For more information on this adjustment, check out the many videos on YOUTUBE.

THE BIRTH, GROWTH AND COMING OF AGE OF THE NASHUA HISTORICAL SOCIETY

Tuesday, March 24, 2020 at 7:30 p.m.

If you're a member of The Nashua Historical Society, you are dedicated to "the collection and preservation of the local, general and natural history of Nashua and its vicinity, the promotion of intellectual culture, and the dissemination of historical, scientific and useful information throughout this community." That was written almost 150 years ago and appeared in the Nashua Daily Telegraph in April 1870. Nashua native and current Historical Society President Dean Shalhoup will share some of the many interesting, humorous and even strange anecdotes along the way, as he looks back at The Nashua Historical Society's first 150 years.

The Nashua Historical Society is located at 5 Abbott Street, Nashua. The programs are free and open to the public. However, seating is limited. To ensure you have a seat, please get your free ticket at

NDA TYNGSBORO BOARD APPROVES 5-YEAR STRATEGIC PLAN

(Tyngsboro, MA) -- The Academy of Notre Dame Tyngsboro Board of Directors approved a bold, new five-year strategic plan that will serve as a roadmap for growing enrollment, further strengthening academics and investing in facilities.

"The goals set forth in the five-year strategic plan place the Academy of Notre Dame, Tyngsboro on a clear path for growth offering families an outstanding educational and values based program providing students with leadership skills needed to succeed in college, career and life," said NDA Tyngsboro Board Chairman Joseph McNamee.

Completed in just six months, strategic plan concentrates on three key strategies to propel the school forward. The three strategies for change are: Continued Academic Excellence, Organizational Vitality and Values Education, Enrollment Opportunities, Operational Vitality, Leadership and Support

Within the strategic plan framework, each strategy has specific, measurable goals that are designed to ensure that school leadership and the Board of Directors are aligned with a shared vision for the future of the school while honoring the strength of NDA's past. The strategic plan will serve as a strategy screen in decision making from new curriculum to capital improvement investments.

The plan, which represents over 500 volunteer hours, was designed collaboratively involving key stakeholders including current and past families, alumni, faculty and staff, board members, students in grades 8-12, data analytics and prior research including a comprehensive Catholic Schools Management Review.

The three strategies for change reflect the "assets" that are the Academy of Notre Dame's unique value proposition: rigorous academics where 100% of students matriculate to college, small class sizes where every student is known and valued by faculty and staff and a 200+ acre campus that can support outdoor/environmental education, health and wellness and recreational pursuits.

The Board of Directors and the Corporate Board of the Sisters of Notre Dame de Namur have begun to act decisively on the plan with a vote to have the Academy's Upper School welcome boys for the 2020-2021 School Year.

"As we welcome young men to the Upper School, we are also mindful of preserving the traditions of the past that make the Academy a special place. Treasured traditions will remain a valued part of our school's culture," said Dr. Vittoria Pacifico, Head of School. "This year, we saw the benefit of starting new traditions including a welcome back carnival and inaugural Homecoming, events that provided opportunities to grow relationships and community among students, families, faculty and staff."

Dr. Pacifico went on to say, "As we prepare for the 2020-2021 school year, we will continue to strengthen the academic excellence the Academy is known for with a focus on rigorous, student-centered, evidence-based innovative curriculum for all students in grades Pre-K through Grade 12."

NDA Tyngsboro intends to leverage its makerspaces and technology in the classroom so that NDA students hone problem solving, critical thinking, communications and cooperation skills. There will also be additional investment in faculty through professional development while building an innovative curriculum in environmental science and sustainability programming.

HELLO TYNGSBORO AND DUNSTABLE NEIGHBORS

My name is Nick Coughlin and in April, I will be running my first Boston Marathon for the 50 Legs charity. This great organization raises money for amputees who are in need of assistance obtaining prosthetics. I am a Junior ROTC student at UMass Lowell and I am in the Army National Guard. As a lifelong Tyngsboro resident, I am proud to represent our community for this cause and I would greatly appreciate your support. Below is a link to my Go Fund Me page, no donation is too small. "50 Legs is a 501c3 charity and all donations are tax deductible and go directly to the charity."
