### TYNGSBOROUGH VETERAN'S AGENT

Due to an increased shortage of qualified trade workers, there is a high demand for apprentice-level and skilled labor positions. Learning a trade or doing an apprenticeship is an excellent option for veterans.

The following is a guide to help veterans learn about the benefits of non-traditional postsecondary education and other important details about vocational and apprenticeship programs, such as eligibility, costs, and transitioning to working civilian.

You can view the guide here: <https://www.intelligent.com/veterans-guide-to-vocational-and-apprenticeship-programs/>

Do you know a neighbor or friend who may be a Veteran, Veteran widower, widow or dependents of a Veteran, that may be eligible for financial assistance from my office? I may be able to help them with basic living expenses, rent or mortgage heating cost, prescriptions, hearing aids, monthly healthcare premiums and hospital/doctor bills not covered by your Medicare or other insurance. Even if the applicant lives with their son, daughter or other family member or friend they may still qualify. The Veteran's Office is a confidential office where your identity is completely confidential. Call or email to schedule an appointment. If I cannot personally assist you I will direct you to the resources available to you.

*Sincerely, Christopher W. Dery, Tyngsborough Veteran's Agent,

## CHANGES TO RETIREMENT PLAN LAWS

By Edward H. Adamsky

Congress has made several changes to the Retirement fund rules in the last couple of years. Some major changes were made in 2020, and then the Secure Act of 2022 made even more changes to the laws. This article outlines some of the changes, but of course, not all of them.

A huge new rule is that employer retirement plans (401k's and the like) will now enroll participants automatically. It used to be up to the employee to choose to join but too few people were participating so Congress decided to make it automatic. The new rules make a 3% contribution minimum and have automatic increases for future years. There are also new provisions allowing extra employer contributions to match student loan payments, and certain low-income employees can get a tax credit for making plan contributions.

A big change for older folks is that required minimum distributions have been pushed out to age 73 as of now, going up to age 75 in 2033. It was only increased to age 72 a couple of years ago, from the prior odd age of 70½, and now it has been increased again. Plus those who are 50 or over and those 60 to 63 can make extra contributions to their plans to "catch up" to what they should have been contributing over their lifetimes.

If you have a financial advisor, you should discuss a distribution plan from your IRA and 401k. Many people can benefit by taking distributions prior to their required minimum distribution age so they can spread the income out over more years. With the increased age for required withdrawals more folks may be stuck with large distributions that they cannot change if they wait too long to take any distributions.

There are also some new rules for exceptions to the early withdrawal penalties. Now retirement funds can be used for more emergency expenses or for unforeseeable financial needs. This is limited to \$1000, and it has to be repaid, but it allows emergency access to retirement funds for more reasons.

In this modern era of computer databases and virtually unlimited information, former employers and employees sometimes cannot find each other to pay out or receive benefits. The new law allows the Department of Labor to create an online and searchable database for retirement plans so you can look up who to contact to get your benefits.

Contact Adamsky Law Offices if you want a referral to a financial advisor who can give you personalized advice about your retirement planning.

*is proud to announce Lindsay Methot, Olivia Lambert, Emily Fugazzotto, and Shawn Soukaseum as the February Students of the Month.*

**Lindsay Methot, daughter of Joan and Bill Methot** is a three-year recipient of the Academic Excellence Award. She is a four-year member of the Tyngsborough theater program and a two-year book club member. During her athletic career at THS, Lindsay has been a member of the soccer team for two years and the track and field team for four years. Lindsay enjoys volunteering at Catie's Closet, the St. Vincent de Paul Friends of the Poor Walk, and the annual Tyngsborough Block Party. In her free time, she loves making accessories like bracelets and keychains. Lindsay also appreciates spending time with family and friends, whether baking together or having a NERF war. Her favorite class is Introduction to Sociology. Lindsay's future goals include choosing a major after studying a variety of college classes, exploring a variety of activities, and getting more involved in her local community. Thinking back on her days at Tyngsborough High School, she says, "I have gained many skills and core values that will benefit me as I move forward. Tyngsborough High School has provided me with a great education, a positive outlook, and amazing friends. I will be taking the fond memories of celebrating on Pierce Field with friends after soccer games until all the lights are turned off."

**Olivia Lambert, daughter of Mary and John Lambert** has been a two-year member of the National Honor Society. She has received numerous awards such as the Smith Book Award, Academic Excellence Award, Outstanding Achievement in Mathematics, Outstanding Achievement in Theatre Arts, and the Commitment to Learning Award. Olivia has been a proud member of the theater program since she was in the 6th grade. She has had several lead roles, including "Jack Kelly" in the most recent production of Newsies. Olivia also played "Violet" in 9-5, "Luke" in The Lightning Thief, and "Ronnelle" in Little Shop of Horrors. She also participated in the one-act plays at the METG shows. Olivia is a member of the yearbook club and student council. She volunteers at many town events such as the Tyngsborough Block Party, Festival of Trees, PTO Bingo Night, Trunk or Treat, and the Celebration of Learning. This year Olivia helped make blankets for the Wish Project and recently went on the trip to Florida to volunteer at Give Kids the World Village. Her hobbies include puzzles, playing the piano, hanging out with friends, and participating in theater outside of school. Olivia's favorite subject is math and her future goals include going to college for acting and theater, and working in the film industry. Looking back on her days at Tyngsborough High School she says, "I have learned many valuable life lessons and have formed many new friendships that I will always cherish. Homecoming was a blast and I will never forget the fun I experienced during that week. I am so grateful for all of the laughs I had during theater and each production gave me a ton of memories that I will hold on to forever."

**Emily Fugazzotto, daughter of Deb and Steve Fugazzotto** is a two-year member of the National Honor Society. She received the Academic Excellence Award, Commitment to Learning Award, and the Saint Michael College Book Award for Scholarship and Service. Emily is also the vice president of the BioBuilder Club, a two-year member of the student council, a two-year member of the medical professionals club, and a member of the Multicultural Club. Her hobbies include kayaking, hiking, playing basketball, and spending time with friends. Emily's favorite subjects are science and math and her future goals include traveling and pursuing a career in the medical field. Thinking back on her days at Tyngsborough High School she says, "I have gained many amazing connections with my teachers and classmates. THS has prepared me to succeed both inside and outside the classroom, learning life lessons and gaining knowledge that will help me in the future. I will take with

me many friendships and memories I have made, especially during homecoming and basketball."

**Shawn Soukaseum, son of Sai and Salackchith Soukaseum** is a two-year member of the National Honor Society. Shawn is a recipient of the Outstanding Achievement in Visual Arts and a two-year recipient of both the Outstanding Achievement in Mathematics Award and the Academic Excellence Award. ## TRTC CORNER

**PLEASE GET INVOLVED AND MAKE YOUR VOICES HEARD!!**

• **LOCAL ELECTIONS:** We need Republicans to fill open seats in town offices, boards, and committees to combat the progressive agenda. If you are interested in running for a local election: the deadline to **pull nominations papers** is **March 24, 2023** and **return completed** by **March 28, 2023**. (Contact the Office of the Town Clerk to learn more.)

Current important seats up for re-election include: **Select Board, Planning Board, Zoning Board, Finance Committee, School Committee** and many more!

• **MONITOR FINANCES:** We as citizens shouldn't be paying for nor subsidizing energy costs for the select few with electric vehicles (EV). **They should be paying their "fair share"!** Thanks to the efforts of **Billy Crawford**, the Town EV charger electric rate was increased (effective 02/07/23) from \$0.13 to \$0.17 to be in line with public consumer rates. (There are chargers at Town Hall, DPW, and First Parish Meeting House, which the Town had charged **nothing** for almost a decade until Billy (and the prior Finance Committee) rectified the disparity 3 years ago.)

Many of you have noticed an increase in your recent RE Tax bills associated with the new Tyngsborough Middle School. (Note: If not for the TMS project, our taxes would have been significantly **reduced**.) Some of us raised concerns at the Town Meeting that the \$83M TMS cost was underestimated. We're sad to report that we were right! Mere months after passing, the Middle School Costs now anticipate overages of ~\$4.3M, with some expected changes to reduce to \$2.5M. These overages are going to hit our Tax Bills. **Be prepared and be vigilant!**

(Follow the TMS Project at <https://tyngsboroughmiddleschoolproject.com/agendas--minutes--reports>)

## Tim's Timely Technical Tips

By Tim Hulings

Three times more efficient than conventional electric hot water systems, modern heat pump water heaters, like those from Bradford White, transfer heat from the surrounding space instead of burning fossil fuel to create heat. Let's look at what else makes them worth considering.

**Reduced Carbon Footprints:** Lower greenhouse gas emissions than water heating systems that use oil, propane, natural gas, or electric resistance.

**Economical Investment:** Exceeds Energy Star standards to deliver cost savings on utility bills and qualifies for generous utility rebates and tax incentives for heat pumps.

**Dehumidifies:** Provides dehumidification to the space where the heat pump water heater is installed.

**Smart Controls:** Advanced Wi-Fi controls enable consumers to adjust temperature settings, set schedules, and track energy usage via mobile app.

Until next month, stay comfortable.

**ZERO WASTE DAYS - A REGULAR SCHEDULE**  
**SUSTAINABLE TYNGSBOROUGH**

**\*\* NOTE:** Thank you Tyngsborough residents for keeping your holiday string lights out of your trash and recycling. All together, you brought 580 pounds of string lights to Town Hall for scrap metal recycling. Great job! \*\*

Great news! After hosting 4 successful Zero Waste Days for Tyngsborough, the Sustainability Committee decided to lock in a regular schedule for these events. Going forward, **Zero Waste Days will be offered the first Saturday of every May and the first Saturday of every November.** They will run from 9am-noon in the parking lot at the Tyngsborough Elementary School (205 Westford Road). Now you can collect your unwanted items year round, knowing that the next Zero Waste Day is coming.

At Zero Waste Days, we typically collect the following items: Scrap metal, bikes and bike parts, lawnmowers and other small engine equipment, electronics and appliances, vacuum cleaners, wires and cables, video games, cell phones, stereos, radios, speakers, dorm-size (not full size) refrigerators, gently used furniture and household goods (including mattresses with no rips, tears or stains), books, CDs, DVDs, clothing in all conditions, draperies, suitcases, purses, stuffed animals, towels and bed linens, shoes, sneakers, bats, golf clubs, license plates, eyeglasses, skis and snowboards.

Zero Waste Days are keeping thousands of pounds of materials out of our waste stream. Last fall, 210 participants brought over 7 tons - that's over 14,000 pounds - to Zero Waste Day.

**Our next Zero Waste Day will be Saturday, May 6th.** The fall offering will be Saturday, November 4. Start collecting your unwanted items now!

### Got Gutters and Construction sells Seamless Rain Gutters

*Our gutters are SEAMLESS... We bring the machine to you!*

A Rain Gutter System starts with a trough, called a gutter, which collects rainwater from the roofline of a house and diverts it away from the structure, using elbows and downspouts.

The purpose of this diversion is to prevent water flow off the roof edge which can cause structural damage over time to the walls, windows and foundation of a house. The gutter system protects your home from rot, mold, mildew, and flooding.

The Gutters are Molded, K-Style bend from a machine brought on site. This allows us to make a gutter seamless at any length. Our machines allow us to make a 5" or 6" in K-Style Gutter. The advantage of a seamless gutter is that it does not have any seams that could potentially leak or have debris caught inside the gutter. For your gutter system to work properly, it must be able to empty out the water faster than it fills up.

To ensure the proper flow of water, a few are vital to the success of the overall gutter system: 1) Seamless gutters, 2) Gutter and downspout sizing, 3) Slope or pitch of gutter, 4) Downspout placement, 5) Keeping the gutters debris free and 6) Using quality parts and accessories

Although the Gutter business is highly competitive, we believe that there is a place for high-quality, attractive, durable, and affordable Gutters. Our goal is to Install and market Gutters that will not only work correctly but stand the test of time. Ask about our Lifetime Warranty.

If you prefer to stay home, Services are available on line.

• TO WATCH LIVE SERVICES Log on to facebook and go to Ecct Church. Log in at any time to watch the recorded services.

... Please check our website and facebook page for  
Easter Services on April 9th...

• LADIES BIBLE STUDY - Tuesday mornings 9:30 to 11:30 am

We will finish the Bible Study we are currently learning in soon. A new Bible Study will begin around March 28th. Our leader for these studies is our Pastor's wife, Diane Michaud. She will be making a decision for our next study so watch for more information or call our Office and leave a message. ALL ARE WELCOME!

• MEN'S BIBLE STUDY - Tuesday evenings 6:30 to 8:00 pm.

Deacon (and man who wears many hats), Jim Politi leads this study and continue to study the Book of Revelations. This study will most likely continue through spring. IT IS NOT TOO LATE TO JOIN. Please call our Office and leave a message. ALL ARE WELCOME!

• SUNDAY SCHOOL - At Christmas time in lieu of poinsettias, the Sunday School children worked with Gideons International on a program called "Birthday for JESUS" and challenged our congregation to donate an ornament and raise money to purchase bibles (\$5.00 each) for Gideon's International. Their goal was to raise enough money to donate 50 Bibles to the Gideon's. The Congregation collected \$940.00 to purchase 188 Bibles to be given around the world. We believe we are the only church in Massachusetts that took on this program. With the help from some of our Thrift Store patrons, we filled 63 Christmas Shoe Boxes ("Operation Christmas Child"), under the auspices of Samaritan's Purse, that were sent to needy children all over the world! We continued our annual mission to provide necessity clothing items to the Salvation Army. We are so proud of our Church attendees/members/customers for their generosity! We have grown our church and Sunday School significantly over the last few months and our children are so excited to come to their Sunday School classes because of the amazing programs our teachers, Joan Politi, Patti Ann Reekie and Jim Politi have put in place. The youth enjoyed a pizza party recently on a Sunday afternoon which they loved!! Thank you leaders so much!

• DAYCARE DURING CHURCH SERVICES - Our Moms have stepped up to the plate and provide daycare for infants and younger children during our Church services so their families can feel secure about their children while they attend our Church services. Thank you volunteers!!! Again, please consider joining us!

• UPCOMING GOSPEL CONCERT - MARK YOUR CALENDARS!

Our Church is planning a wonderful concert in the evening on Saturday, April 29th! This concert will feature our amazing gospel singers, Debbie & Barry Shirk (A New Beginning), singing their beautiful recorded gospel selections of songs. You will hear songs from their newly released CD "Thankful and Blessed" and you will have a chance to purchase their CD's to enjoy listening to at home, or to give as a gift to someone you love, or to someone who might be going through a difficult time and needs to be uplifted. There will be more information about this concert in the upcoming April edition of "Neighbor to Neighbor." PLEASE PLAN TO COME--- YOU'LL BE GLAD YOU DID!

• WORSHIP/PRAISE TEAM - Our Team has been working hard to bring forth many new songs (contemporary, gospel and hymns) to our congregation. We have had many come forward and praise what we present for Church services.

• NEW PARKING LOT - You CANNOT access it from our Church driveways. Please enter and exit across from the Tyngsboro Fire Station. A walkway has been paved for easy access to our church. Hopefully the Town, Garden Club and our Church will work together to enhance the curb appeal surrounding the lot.

Lent is a time when Christians prepare for Easter by observing a period of [fasting](#), [repentance](#), moderation, giving up of sinful habits, and spiritual discipline.
- Not all Christian churches observe Ash Wednesday and Lent. These commemorations are mostly kept by the [Lutheran](#), [Methodist](#), [Presbyterian](#) and [Anglican](#) denominations, and also by [Roman Catholics](#). [Eastern Orthodox](#) churches observe Lent or Great Lent, during the 6 weeks or 40 days preceding [Palm Sunday](#) with fasting continuing during the [Holy Week](#) of [Orthodox Easter](#). Lent for Eastern Orthodox churches begins on Monday (called Clean Monday) and Ash Wednesday is not observed. The Bible does not mention Ash Wednesday or the custom of Lent, however, the practice of repentance and mourning in ashes is found in 2 Samuel 13:19; [Esther](#) 4:1; Job 2:8; Daniel 9:3; and Matthew 11:21."

## FINANCIAL FOCUS

*Financial advisors can help reduce anxiety*

The long-running coronavirus pandemic has fueled a lot of anxieties – including financial ones. But some people have had far fewer worries than others.

Consider this: Among those investors who work with a financial advisor, 84% said that doing so gave them a greater sense of comfort about their finances during the pandemic, according to a survey from Age Wave and Edward Jones.

Of course, many people experience investment-related fears even without a global health crisis, and that's probably not surprising, given the periodic volatility of the financial markets. But financial guidance can come in handy during relatively normal times, too.

A financial professional can help you ...

... *Look past the headlines* – Inflation, interest rates, pandemics, elections – there's *always* something in the news that could affect the investment world in the short term. But by helping you construct a portfolio that's built for the long term and reflects your goals, risk tolerance and time horizon, a financial advisor can enable you to look past the headlines.

... *Avoid emotional decisions* – Many people let their emotions drive their investment choices. When the market goes through a downturn and the value of their investments drops, they sell to "cut losses," even though these same investments may still have good business fundamentals and promising futures. Conversely, when the market is on an uptick, some people chase after "hot" investments, even when they become overpriced and may have very little room to grow. But a financial advisor can help keep you from making these fear- and greed-based actions by only recommending moves that make sense for your situation.

... *Work toward multiple goals* – At various times in your life, you may have simultaneous financial goals. For example, you could be investing for a retirement that's decades away, while also trying to save for a child's college education. A financial professional can suggest ways you can keep working toward both objectives, in terms of how much money you can afford to invest and what types of savings and investment vehicles you should consider.

... *Prepare for the unexpected* – Most of us did not need a pandemic to remind us that unexpected events can happen in our lives – and some of these events can have serious financial impacts on us and our loved ones. Do you have adequate life insurance? How about disability insurance? And if you ever needed some type of long-term care, such as an extended stay in a nursing home, how would you pay for it? A financial advisor can evaluate your protection needs and recommend appropriate solutions that fit within your overall financial strategy.

... *Adapt to changing circumstances* – Over time, many things may change in your life – your job, your family situation, your retirement plans, and so on. A financial professional can help you adjust your financial strategy in response to these changes.

Achieving your financial goals may present challenges, but it doesn't have to cause you years of worry and distress – as long as you get the help you need.

## IS YOUR COMPUTER "SLOWER" THAN WHEN YOU FIRST BOUGHT IT?

Often, I hear complaints of a computer running much "slower" than it used to run. Actually, computer hardware doesn't slow as it ages. The one exception could be the older main storage device. (Spinning Hard Drive). If these drives start accumulating errors due to age, it will slow the computer performance.

Most of the industry has moved from spinning hard drives to solid state drives (SSDs). There is much smaller performance impact to any degradation due to age with SSDs.

In most cases, computer performance is software related. Accidental downloading of malicious SW or virus is a common cause. Old or incompatible SW drivers can also cause performance problems, as well as sudden errors or crashes.

With this in mind, a computer tune-up may be all that is needed to restore all or most of the performance. This can save a lot of money and avoid the hassle of setting up a new PC with your favorite software and transferring your important documents and pictures.

## TYNGSBOROUGH GARDEN CLUB

The February meeting was the first meeting of the New Year and was very well attended. Almost 2/3 of our membership was present with dull and dirty garden tools to refurbish. Paula Flaherty, garden club member conducted a workshop on how to clean and sharpen garden tools. She was accompanied by the New England Regional Representative for Felco, Andrew DuLude who explained the differences among the many hand tools available on the market. The meeting was very instructive.

On March 7 at 7 pm. Emily Brush, the Director of the Conservation Commission. Overview of the kinds of issues and oversight that the Conservation Commission is addressing at this time and plans for this spring's Earth Day.

• **The April meeting on Tuesday 4/4 will feature a tour of the tulip gardens of the Netherlands by Debbie Schneider.**
